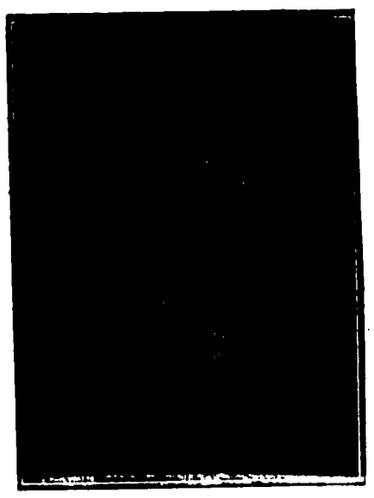
J. L. M'NAB RESIGNS U. S. ATTORNEYSHIP

REFUSED TO BE MADE ADMINISTRATION TOOL

Attempt of Attorney General to Postpone Western Fuel and Diggs and Caminetti Cases Make it Plain to McNab that Something was Wrong Democratic Subterfuge Back Fires and Congressional Investigation is on the Way.



John L. McNab on Saturday telegraphed President Wilson his resignation as U. S. district attorney. John McNab has proven himself the only U. S. district attorney California has ever had but his energy did not meet with the approval of Attorney General McReynolds of the Wilsor cabinet especially when he was endeavoring to prosecute the Western Fuel Co. officials for robbing the government out of tariff on coal by short weight scales and Maury Diggs and Drew Caminetti, son of former state senator and present immigration commissioner Caminetti, on a white slavery charge.

McNab's telegram to President Wilson was as follows:

Woodrow Wilson, President of the United States, Washingon, D. C.:

I have the honor to tender my resignation as United States Attorney for the Northern District of California, to take effect immediately.

I am ordered by the Attorney-General over my protests to postpone until autumn the trials of Maury Diggs and Drew Caminetti indicted for a hideous crime, which has ruined two respectable homes and shocked the moral sense of the people of California, and this after I have advised the Departments of Justice that attempts have been made to corrupt the Government witnesses, and the friends of the defendants are publicly boasting that the wealth and political prominence of the defendants' relatives will procure my hand to be stayed through the influence at Washington.

In these cases two girls were taken from cultured homes, bullied and frightened in the face of their protests into going to a foreign State, were ruined and debauched by the defendants, who abandoned their wives and infants to commit the crime.

On receipt of the Attorney-General's telegram I prepared my resignation to take effect at the conclusion of the trial of the Western Fuel directors and the J. C. Wilson stockbrokers cases, both of which I had instituted and which I wished to bring to a successful conclusion. Before I could send my resignation I received another telegram from the department ordering me to postpone the case against the Western Fuel Company and not to try them unless ordered by the department.

In bitter humiliation of spirit I am compelled to acknowledge what I have heretofore indignantly refused to believe, namely, that the Department of Justice is yielding to influences which cripple and destroy the usfulness of this office

I cannot consent to occupy this positon as a mere automation, and have the guilt of innocence of rich and powerful defendants, who have been indicted by unbiased grand juries on overwhelming evidence determined in Washington on repersentation on behalf of the defendants without notice to me. I seem unable to convey to the department an understanding of the serious situation in which its action will leave this office.

If the department in future is to review the findings of grand juries and nullify their indictments, then this office might as well be abolished, for its functions will have ceased to exist. Neither my private honor nor sense of public duty can permit me thus to destoy the prestige of this office.

With profound respect and regret that such step is necessary, I have the honor, in view of my absolute inability to agree with the department, to ask that I be by wire immediately relieved from duty in order that the department of Justice may be permitted to carry out its policy in these cases without further obstruction by me.

JOHN L. McNAB.

McNab also telegraphed Attorney-General McReynolds as follows:

June 20, 1913.

Attorney-General, Washington, D. C.:

I am in receipt of your two telegrams in which you order me to continue until autumn the cases against Maury Diggs and Drew Caminetti, and also to postpone indefinitely trial of certain directors of Western Fuel Company and in which you say you will hereafter determine whether to try certain defendants.

As heretofore advised, I am profoundly convinced the action taken will destroy the prestige and ruin the usefulness of this office and result in the ultimate escape of certain of these defendants.

I have notified you that it is publicly charged in this State that the prosecution of the Diggs-Caminetti cases would be stopped by appeals to Washington. In the meantime corruption and subornation of perjury will weaken and destroy the cases long before autumn is here. If the Western Fuel directors are innocent they need not apply to the department for protection, but should welcome the opportunity to present their defense to a jury and assert their innocence.

The present grand jury Friday again voted to indict all the directorate of the Western Fuel Company. With full appreciation of the delicacy of your position in the Caminetti case and with every desire that you shall not be embarrassed I will withdraw from this office. Therefore by reason of my inability to agree with the department's policy, I am compelled to respectfully tender my resignatior to the President this day and have the honor to ask thats you secure if possible its immediate acceptance by wire. I will then have the cases continued as directed.

McNab, U. S. Attorney.

McNab sent this telegram to the President as a personal dispatch, paid for from his own pocket. His message to McReynolds is an official dispatch.

Attorney-General McReynolds telegram ordering the postponment in the Western Fuel case and the Diggs-Caminetti cases were received by McNab two days ago. One week earlier attorneys for the Western Fuel Company appeared in court and secured a continuance of the trial until July 15, stating that the presence of the leading attorneys for the defense was required in Washington.

On May 26 Attorney-General McReynolds wrote to McNab that there was sufficient evidence to justify the filing of indictments against directors Bruce and Smith and that the question of their guilt should be determined by the petit jury. He expressed through agreement with McNab's attitude in the case and with the District Attorney's determination to proceed to the trial of all defendants.

Influential friends of Rubert Bruce and Sidney Smith have made repeated attempts to secure a dismissal of the indictments on the ground that they were merely directors of the company and not familiar with the details of its business, including the conspiracy by which steamship officials were bribed and importations of coal systematically underweighed at this port.

To all advances McNab has replied that he merely presented the evidence to the Federal grand jury and that it is outside of his province to pass upon the guilt or innocence of the men indicted, that duty belonging to the Judge and jury.

Similar attempts have been made to procure the quashing of the charge against Diggs and Caminetti, the young married men who deserted their families in Sacramento and eloped to Reno with two young girls of good family.

Caminetti is the son of former State Senator Anthony Caminetti, now Commissioner of Immigration in the Wilson administration, with headquarters in Washington. Diggs also has influential relatives, his uncle being former State Senator Marshall Diggs, a man of wealth and wide acquaintance.

District Attorney McNab undertook the prosecution of Diggs and Caminetti with unusual vigor, supported by the pubilc opinion of Sacramento and the State. They were indicted by the Federal Grand jury hereunder the act making it a felony to take a girl from one State to another for immoral purposes.

McNab's attitude toward Caminetti has been particularly unrelenting, as the evidence showed that Lola Norris, the girl with whom he eloped had been mistreated at the bungalow in Reno where the pair took the girls after their flight from Sacramento.

In Washington the affair has been represenetd by friends of the defendants as merely a wild escapade for which the young men should not be too harshly judged. The fact that both left wives and children behind them and that the girls with whom they eloped belonged to prominent and respectable families prevented McNab and the people of Sacramento from taking this view.

CITY DELIVERY IS NOW ASSURED

The city delivery is now only a matter of a few days for Ukiah While Post Master Caughey has received no notice as to when it will be installed a notice is given by the department that an examinaion will be held for clerk and carrier for this work. The city delivery to Ukiah means a great deal as it will place Ukiah on a level with the largest cities as far as accommodations in mail service go. Drop boxes will also be erected at different points throughout the town where letters may be posted without walking to the post office. As far as population and class of post office Ukiah has been entitled to a delivery for several years, the only drawback having been the sidewalks and streets. The paving and miles of cement sidewalk that have been put down have removed the last objection and Ukiah is now to enjoy a city delivery.

THOREN REACHES SAN FRANCISCO

Harvey Thoren, the champion long distance walker of the world, has reached San Francisco and will be in Ukiah in a few days. He has expected to reach here by the 4th but will beat this time a few days. Harvey has walked around the border of the United States on his trip to New York and return and has kept Press readers posted from time to time on his trip by his interesting letters. When he returns he will have an interesting story to tell Press readers. The people are planning on giving him a benefit at the Victory. Harvey has accomplished something that no one else in the world has done and has beaten all records for long distance walking. On his trip he has advertised Mendocino county and Ukiah and thousands of dollars worth of free advertising in the daily and weekly papers of the world have been received by this section through his efforts.

GROWLER'S PARADE TO BE BIG FEATURE

The committee in charge of the "growlers" parade are planning to make the same one of the principal features of the celebration here next Friday. All those who wish to make entry are requested to call on Volney Van Dyke, the chairman of the committee, and state your plans, which kept on the Q. T. The matter of stating the "stunt" you wish to pull off, is done so that there will be no two alike, as from present indications the entry list is going to be large and the parade several blocks in length. A special meeting of the committee is called for next Monday night. Make your entry to Mr. Van Dyke as soon as possible.

SILVER CUPS WON BY OUR ATHLETES

Five solid silver cups are on exhibition at Cleland's cigar store, souvenirs of the prowess of Caughey and Allenby at the Chicago field meet. Each won a first and Caughey took two other places and Allenby one other. They will be a valuable addition to the tprohys won by the Ukiah athletes.

VICTORY BENEFIT FOR CELEBRATION

Remember the 4th of July benefit at the Victory tonight. Tickets only 25 cents. Special pictures will be shown. The band will play, male quartet and John Geary among the specialties. Beside getting your moneys worth you will have the pleasure of helping a good cause

UKIAH ODD FELLOWS VISIT AT LAKEPORT

Key of the Town Presented to the Ukiah Visitors by Dwellers on the Lake—A Royal Good Time Enjoyed and Lakeport Commended for Her Hospitality.

One of the pleasantest fratenal visits ever made was that of Ukiah lodge 174, I. O. O. F., to Lakeport lodge 351, I. O. O. F. last Saturday night. Twenty-four Odd Fellows left Ukiah Saturday afternoon in automobiles, Millers auto stage being called into use besides the individual cars. The trip over was very pleasant and the boys were met when arrived in Lakeport by the reception committee. After supper, word was sent to the Ukiah boys that they were wanted in front of the courthouse. and so they marched up.

They were welcomed by two bands of music and several hundred people. A. H. Spur mounted the steps of the court house and deilvered an address of welcome. In the absence of the mayor he acted for his honor and the time honored custom of presenting the key of the town to the visitors was observed. Mr. Spurs speech was straigtforward and showed that the Ukiahites were really welcome. Portions of it were also humerous and when he finished everyone was laughing and applauding. Secretary White who visits Lakeport occasionally for a duck hunt with Scott Bailey Jim and Dabe came in for a share of the joshing and was told that the key would unlock the place where the mud hens were numerous on his next trip. The boys were also told that the key would unlock any blind pig in the county, but of course none of them tried it out.

Key bearer Ransdall then came forward and a beautiful golden key some three feet long was then presented to the secretary for Ukiah lodge in behalf of the Lakeport lodge and the people of Lakeport. Here is where the joke happened on the Ukiah boys. Assemblyman Weldon has been taken along as orator but on this particular occasion when he was needed to make a speech was missing. The secretary made a feeble response.

The Odd Fellows then proceeded to the Masonic hall where every one got acquainted and afterwards the first degree was conferred on H. C. Spurr. A. H. Spurr father of the candidate, acted as King Saul. The degree team was: P. R Jourdain, P. H. Millbury, J. W. Beck, H. B. Churchill, J. L. Cook, Earl Gruell, Albert Howard. Frank Pool, C. L. Faught and Floy Bannister. The work was done in a manner that would have done credit to a degree lodge. After lodge all adjourned to the Odd Fellows hall where one of the banquets for which Lake county is famous, was served. Needless to say that the visitors did it justice.

The next morning the Launch Rambler was placed at the disposal of the visitors by the Lakeport lodge and several pleasant hours were spent on the lake. Soda bay, Craigs island and other points of interest were visited. Neil Anker was unanimously elected captain by the Ukiah boys as he was the only one of the crowd that had ever handled a marlinspike.

In the afternoon the return trip was made everyone voting the Lakeport boys ideal entertainers and vowing that this would not be the last visit. Ukiah lodge has decided that some time in September they will invite the Lakeporters over and endeavor to return their hospitality.

Those who made the trip were: Alex Bailey, Nat Beckley, Wm. Cox, S. B. Hatch, W. T. Rice, Lee R David, Oscar Olsen, Leon Grover, L. H. Foster, H. F. Dean, Neil Anker, Geo. McCowen, I. N. Orr, A. O. Carpenter, Julius Roller, Frank LaPorte, George Whitehorn, F. A Sackett, Oliver Cleveland, T. J. Weldon L. K. Van Allen Roy, Rider, Mr. and Mrs M. F. Wilson, Mr. and Mrs. W. O. White.

DEER HUNTING AND COUNTY ORDINANCE

Claimed Supervisors Have no Authority in Matter of Making Game Laws—New Law not Signed by Governor, so Season is Opened During July and August.

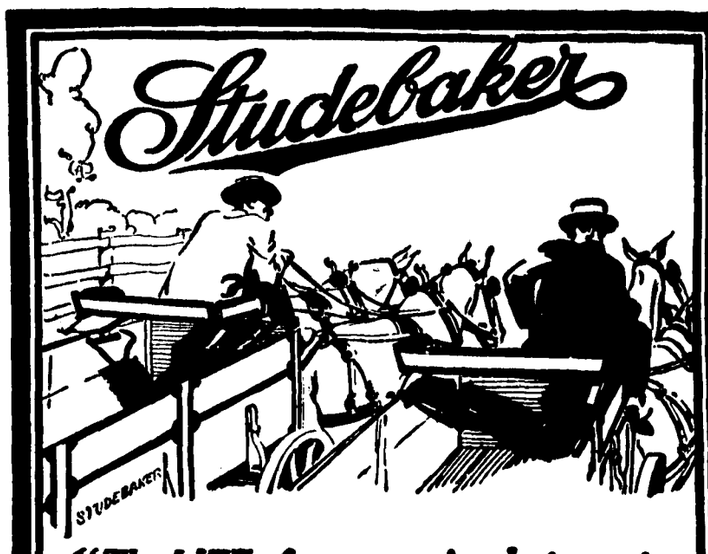
A peculiar condition has arisen as to the deer season in California. Expecting that Governor Johnson would sign the new game laws nearly nearly every county in the state has passed ordinances closing the season in July as this new law would have extended the season to September 30 but not have taken effect in time to cut out July this year. As the supervisors did not meet until the first Monday in June the ordinances would not have taken effect for 30 days and so in each county there would have been a few days open season. Now that the season is not to be extended through September the hunters are circulating petitions to have the month of July opened. It is claimed however by many that this is not necessary and that the board of supervisors has no power to either lengthen or shorten or in any way interfere with the hunting season.

Two decisions have been handed down by the district court of appeal on similar ordinances passed by boards of supervisors since the constitution was amended in 1902, the best remembered of which is probably the case of Prindle who was arrested for violating an ordinance of Los Angeles county by which it had been attempted to close the dove season. Prindle was released by the district court of appeal on the ground that the supervisors of counties of the state had no power to regulate the hunting and killing of wild game as that power rested in the state legislature alone.

In Tulare county the supervisors last year attempted to shorten the deer season by ordinance. An arrest was made on a test case and Judge Wallace of the superior court, on habeas corpus proceedings, promptly released the the defendants. It is regretted by sportsmen generally however that the bill closing the deer season during July and extending it to September did not become a law. July is at least a month too early for the season to be opened in this section of the state.

Judge G. R. Redwine of Covelo was in town last week on his way home from San Francisco. He reports that the Beard case has been continued.

Mrs. Tom Farrance reports that Press ads bring results. She advertised recently for a woman to do house work and hired a housekeeper as a result the next day.



"The LIFE of a wagon is what counts —that's why I buy a Studebaker"

"That's reasonable, isn't it?"

"A wagon that doesn't last is expensive no matter what price you pay for it."

"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"

"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."

"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's *right*, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."

"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. *It's good business.*"

"A Studebaker promise is always made good."

Terry, head of the surigcal department of the Univeristy of California and one of the foremost surgeons in the United States. "BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anaemia, is common in young folks as well as old. Especially is it the case with those who work in illy ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anaemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S
GOLDEN MEDICAL DISCOVERY

is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form from all medicine dealers, or tablets by mail, prepaid in $1 or 50c size. Adress R. V. Pierce, M. D., Buffalo, N. Y.

DR. PIERCE'S GREAT 1008 PAGE ILLUSTRATED COMMON SENSE MEDICAL ADVISER WILL BE SENT FREE, CLOTH BOUND FOR 31 ONE-CENT STAMPS.

The testimony showed that the gentlemen had been drinking together and that it was a drunken fight. The jury found him guilty of simple assault. Attorney E. V. Henley represented the defendant and made a strong plea for probation for his client. Gus West, Constable Perkins, Geo. Perviance and Attorney M. H. Iversen were here as witnesses.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

INTRESTING LETTER OF CORRESPONDENT

(Press Special Service)

Hopland, June 24—Hopland is now coming right to the front and the boom is on. Nearly all of the business houses are lighted by electricity supplied by the Konocti Light & Power Co. which is giving excellent service. The business houses have also installed telpehones connecting with the Hopland central where they are getting an all night and day service.

The farmers of McDowell valley and those on Feliz creek are contemplating putting in rural lines.

Mrs. F. W. Dooley, our new Postmistress, is remodeling the building North of the F. W. Dooley store for an up to date post office where those owning boxes may procure their mail at all hours. Mrs. Dooley takes over the post office on the 1st.

F. W Dooley has had a Bowser long distance gasolene pump installed on the sidewalk where he can supply automobiles while they wait.

Bud Beattie and Harold Gibson are going to remodel and enlarge the Peters blacksmith shop for a garage. As the new higwhay from Cloverdale brings a great many automobiles through Hopland a garage should be a good paying proposition.

The "candy kids" this year are Miss Gladys Leek in the E V. Leek candy palace and Miss Dorothy Davis in the F. W Dooley ice cream parlors.

The baseball team has taken every thing into camp since the boys rounded into form. They defeated Geyserville 21 to 1; Santa Rosa Cubs 11 to 4 and Healdsburg 19 to 7; they have about decided to change their names to "The Invincibles". Their ilneup in batting order is: Andrews, leftfield; Hontou, c. f.; Merrett, 3rdb., Marvin Dooley p.; Grant, r f; Carl Dooley, c.; Gillan c. f.; G. Babcock, 1st; Bob Babcock, s. s. The next game will be with Boonville, at Hopland, on the 29th. With Dooley's arm in its present condition, Gllian on 2nd and Merrit on 3rd, and "no crabbing' the team will win all of the five games that it has scheduled.

Six new automobiles have come into Hopland in the last 3 months. The happy owners are Joe Harris, a Buick; Dick Williams, a Studebaker; Bert Carpenter and Bud Beattie, Hupomobiles; F. W Dooley, a Reo; D. M. Burns a Touraine, which with Geo. Hewletts Pierce-Arrow; Dr. Hickox's Mitchell and C. E. Leek's Carter makes nine, and F. W. Dooley's truck makes ten autos owned in Hopland. The beauty of it is none of the owners have had to mortgage in order to buy.

In the same space of time seven new pianos were being placed in as many of the prosperous citizens homes. Will Duncan, on seeing his neighbors buying autos and pianos, was heard to remark: "It must be fun to be rich, it certainly is hell to be poor."

The Pastime theater has been remodeled and nicely painted and papered. It has been widened about ten feet and an excellent floor for dancing laid over the entire space. There will be a grand reopening on next Saturday night when will be exibited the "Great Pendleton Roundup" after which will be given an all night dance.

The roads in and around Hopland are now in better condition than ever before, thanks to our efficient supervisor, and joy rides from Ukiah and Cloverdale to Hopland on one side of the river and back on the other side are all the go.

Duncan springs are now open and running full blast. About one hundred guests are taking advantage of the grand weather and rejunevating waters. Any one visting the springs whether on business or pleasure will always find "Frank" with the glad hand extended and the "smile that never comes off."

E. L. Williams has installed a refrigerating plant in his meat market and "Dick" can now serve you with a steak tender and juicy enough for the most exacting at a reasonable price.

The Foster Co. on the Hopland Stock Farm have twenty two thousand leghorns, old and young from which they are shipping over two hundred dozen eggs a day.

The weather of Hopland is among the best in the United States and the mineral waters found in and around the valley are extremely good in fact our genial Dr. Hickox says he was enabled to take a ten days trip through the state and his housekeeper reported that he hadnt had a call during the ten days.

The hop crops around Hopland are looking up grandly and unless something unforseen happens there will be one of the largest crops this year ever raised in the valley.

Geo. Hewlet, who has one hundred and fifty acres of the finest hop land in California under cultivation has just completed one of the most up to date hop houses in the state.

It has been visited and admired by all of the hop men that come this way.

Thos. Geary has doubled his facilities for handlng his hops by putting up a new dryer and cooler. Mr. Murray, manager of the Geary ranch, says he has fifty acres of the finest two year old hops that ever was. The Hop & Barley Co, built 4 new kilns and coolers last year but have had to put up two more this year in order to handle its crop.

Jack Hughes our local contractor has had the contracts for Mr. Hewletts and Mr. Gearys work, and Mr. Neal for the Hop & Barley.

All of the Hopland products are commanding the highest prices. With grain hay selling for $15, $17 and $20 and alfalfa $13 to $15 in the field, Hopland prunes on a four cent basis, Hopland pear growers being offered $30 and up and grape growers $24 and up. Hopland is sure of a very prosperous year especially as all the crops are above the average.

TO WHOM IT MAY CONCERN

Notice is hereby given that my wife, Mrs. Adeline Johnson, has without justification abandoned me, and has not offered to return, and has without cause deserted and abandoned me, and I therefore give notice of those facts, and that I will not be responsible for any debts incurred by her, nor for any thing furnished to her. L. Johnson.

BEAUTIFUL PLACE ON THE BLUE LAKES

One of the prettiest places on Blue Lakes for a Sunday picnic is at Camp Inis just between the two lakes. There is a shady spot for camping and refreshments can be secured at Mr. Campinis store. There is a dance platform and a musician in attendance so that if any of the party desires to dance they may do so. There is also a phonograph, swings, teters and other amusements. Rustic benches and a cozy summer house provide for a quiet hour. There is also a beautiful spring of cold water trickilng from the hillside and a drink from this beautiful spring is well worth the trip. Mr. Campini is courteous and anxious to please and always makes his guests at home. There is alsc boating and bathing on beautiful Blue Lakes which is an added attraction.

PLENTY OF PROOF

From People you Know—From Ukiah Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Ukiah of people who can be seen at any time. Read the following case of it:

Mrs. F. A Elder 1102, w Standley St., Ukiah, Cal., says: "I have known of the value of Doan's Kidney Pills for a long time. Several years ago I was feeling poorly I felt tired and depressed and my whole system was run down. Hearing good reports about Doan's Kidney Pills, I procured a supply and began taking them. They did me good from the first, and I kept on taking them until the pain in my back ceased and my kidneys became normal. My health is greatly improved."

A LASTING BENEFIT.

When Mrs. Elder was interviewed by our representative on May 8, 1913, she said: "I have had no symptoms of kidney complaint since being cured by Doan's Kidney Pills some years ago. You may continue to use the public statement I gave at that time."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Why *we suggest* Styleplus

Because in all our experience we have never seen such great values for the price. Because every time we sell a suit the owner becomes a "booster" for our store.

Styleplus Clothes $17

"The same price the world over"

are the kind of merchandise we like to sell. It adds to our reputation as good merchants.

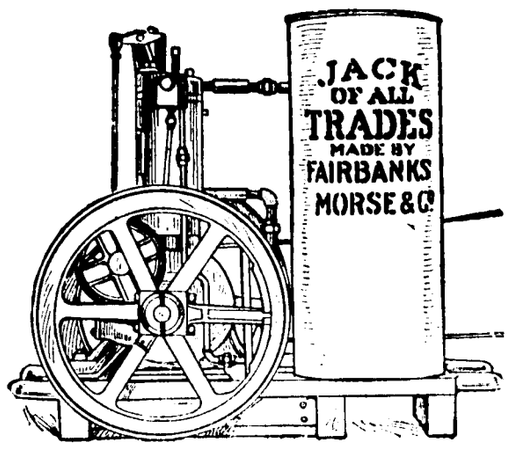
The price, $17, is low for these days. But the quality is high, due to the volume output and the specialized methods of the manufacturers—the oldest and largest makers of men's clothes in the world.

Every suit is made of wool or all-wool and silk. The linings are high-grade alpaca. The canvas and haircloth are soaked in water, then dried in the open air to prevent after-shrinking. The clothes have real intrinsic worth.

Now about style and appearance. The cloth is distinctive in pattern. The cut reflects the latest New York modes, expressed by the most authoritative of correct clothes designers.

Come into our store, try on a suit. You will see why we suggest STYLEPLUS when you see the clothes and how well you look in them.

THE TOGGERY, - - UKIAH, CAL.



No. We have not sold everybody an Eclipse Pumper although there have been a lot of them sent out and they are surely doing the work. But, just to remind you that we have others, in fact everything in the engine line, we run a new cut this week.

Barb wire. A carload, cheap. Oh yes, we know the fence season is about over, but that is the logical time to sell cheap. We have just received a large consignment of wire and will sell it for a limited time at $3 a hundred pounds delivered at our warehouse. The regular wholesale price on this wire is $3.65 in San Francisco.

Flour? Yes lots of it. Don't forget to read Henry F. Allen's ad in another part of this paper. We also have other brands, for instance the famous brand "Summit Snow" fully guaranteed.

Mowers, Rakes and Hay Stacking tools cheaper than you can get them any other place. Don't buy of traveling AGENTS until you get our price. Don't you know that the buyer pays the AGENTS EXPENSES EVERYTIME?

We will sell you a genuine 4 ft. Jackson hay fork for $6.50 and then make plenty of profit. Heretofore they have cost you $10 to $12. We sell other things in proportion.

Don't forget the place. Remember it is a pleasure to figure with you.
